This will result in a total remuneration to the directors of the board of directors of EUR 404,000 for the period ending at the 2015 AGM.

APPROVAL OF THE PROCEDURE FOR THE NOMINATION COMMITTEE (AGM item 15)

The Nomination Committee proposes that the AGM approves the following procedure for preparation of the election of the board of directors and auditor of Transcom.

The work of preparing proposals to the 2015 AGM regarding the directors of the board and auditor, and their remuneration, as well as the proposal on the Chairman of the 2015 AGM and the procedure for the Nomination Committee shall be performed by a Nomination Committee.

The Nomination Committee will be formed during October 2014 in consultation with the largest shareholders of Transcom as per 30 September 2014. The Nomination Committee will consist of at least three members appointed by the largest shareholders of Transcom (that have wished to appoint a member). A representative of the largest shareholder at the time of the announcement will be a member of the Committee and will also act as its convenor. The members of the Nomination Committee will appoint the Nomination Committee Chairman at their first meeting.

The Nomination Committee is appointed for a term of office commencing at the time of the announcement of the interim report for the period January – September 2014 and ending when a new Nomination Committee is formed. If a member resigns during the term of the Nomination Committee, the Nomination Committee can choose to appoint a new member. The shareholder that appointed the resigning member shall be asked to appoint a new member, provided that the shareholder still is one of the largest shareholders of Transcom. If that shareholder declines participation on the Nomination Committee, the Nomination Committee can choose to ask the next largest qualified shareholder to participate. If a large qualified shareholder reduces its ownership, the Nomination Committee can choose to appoint the next largest shareholder to join. In all cases, the Nomination Committee reserves the right to reduce its membership as long as the number of members remains at least three.

The Nomination Committee shall have the right to upon request receive personnel resources such as secretarial services from Transcom, and to charge Transcom with costs for recruitment consultants and related travel if deemed necessary.

APPROVAL OF GUIDELINES ON REMUNERATION FOR SENIOR EXECUTIVES (AGM item 16)

Upon recommendation of the Remuneration Committee, the board of directors of Transcom proposes to the AGM to approve the following guidelines on remuneration for senior executives of Transcom.

These guidelines apply on remuneration for senior executives within the group which currently include nine members of the executive management of Transcom ("**Executive Managers**"), as well as members of the board of directors to the extent they are remunerated outside their directorship.

The total amount of remuneration granted directly or indirectly by Transcom to the Executive Managers is fully described in the Notes to the consolidated financial statements of Transcom, as disclosed in its Annual Report for 2013 which is available at Transcom's website, www.transcom.com.

The remuneration to the Executive Managers shall consist of fixed salary, variable salary as well as the possibility to participate in long-term incentive programmes. These components shall create a well-balanced remuneration which reflects individual performance and which offers a competitive remuneration package adjusted to conditions on the market.

The fixed salary and the bonus percentage may vary amongst Executive Managers according to their level of responsibility or seniority.

The level of variable salary shall be in accordance with market practice and shall depend on the level of responsibility and seniority and shall be calculated according to a combination of results achieved and individual performances.

Other benefits shall only constitute of a limited amount in relation to the total remuneration and shall correspond to the local practice.

In the event of notice of termination of employment being served by Transcom, there is entitlement to salary during such notice period according to law governing the respective employment relationship.

The Executive Managers shall be entitled to pension commitments based on those that are customary in the country in which they are employed. Pension commitments will be secured through premiums paid to insurance companies.

Members of the board of directors, elected at shareholders' meetings, may in certain cases receive a fee for services performed within their respective areas of expertise, outside of their duties on the board of directors. Compensation for these services shall be paid at market terms and be approved by the board of directors.

In special circumstances, the board of directors may deviate from the above guidelines. In such case, the board of directors is obligated to give account for the reason for the deviation on the following annual general meeting of shareholders.

The board of directors' view is that the remuneration to the CEO and the other members in the executive management strikes an appropriate balance between motivating the members of the executive management and achieving a well-balanced competitive compensation that aligns the members' incentives with the interests of Transcom and the shareholders.

APPROVAL OF THE LTIP (AGM item 17)

Upon recommendation of the Remuneration Committee, the board of directors of Transcom proposes that the AGM approves the LTIP in the terms as further detailed in the full proposal of the board of directors which is available and may be downloaded on Transcom website, www.transcom.com.

The LTIP is proposed to include the nine members of the executive management of Transcom (the "**Executives**"). In order to participate, the Executives are inter alia required to invest a percentage of their base salary in shares in Transcom. The participants will, free of charge, be granted share rights which may entitle to shares in Transcom, depending on Transcom's TSR (total shareholder return) performance, accumulated normalized EBIT, average normalized EBIT margin, and TSR versus a pre-defined peer group over a three year measurement period, provided however that entitlement to shares based on fulfilment of the EBIT related conditions may also accrue on a year-for-year basis. Whilst these financial conditions will be measured based on the performance of the entire Transcom Group for the CEO and CFO, Transcom's performance in the segment Credit Management Services (CMS) shall be disregarded for all other participants under the LTIP. Entitlement to shares will further be conditional upon the participant remaining employed by Transcom and that all his/her investment shares are retained during the period.

The proposed LTIP has a similar structure, although slightly revised, as the incentive plan that was adopted at Transcom's Annual General Meeting 2013.

As a result of LTIP, a maximum of 11,250,000 shares may be allotted, representing 0.9 per cent of the total number of shares and votes currently outstanding in Transcom. The maximum cost as defined in IFRS 2 is approximately SEK 11.7 million (EUR 1.33 million). The maximum social security cost is approximately SEK 9.6 million (EUR 1.08 million).
